Plant trees to help reforest state park

THE ENQUIRER

Reforest Northern Kentucky at Big Bone Lick State Park, from 9 a.m. to 1 p.m. March 31.

Join the Northern Kentucky Urban and Community Forestry Council in this rain-or-shine project. Bring friends, families and shovels.

The goals are to plant white oak, red oak, redbud and yellow poplar seedlings in a 3-acre field in the campground area. Participants should register in advance.
